#MilipolParis

THE DEMO ARENA

Showcase your expertise at the heart of Milipol Paris! Join the **Demo Arena**, the major new feature of this edition, and highlight your innovations during **spectacular LIVE demonstrations**. This year, the arena will welcome **elite units and exhibitors** eager to reveal their performance, solutions, and strategies.

This immersive space, **where cutting-edge technology meets operational skill**, allows industry professionals to engage with a highly involved audience facing today's security challenges.

In 2023, **24% of visitors attended primarily for conferences and demonstrations**, and **85% of demonstration participants were satisfied!**

A TURNKEY OFFER

Don't miss this exclusive opportunity to position your company at the heart of the action and stand out as a key player in the industry thanks to 3 exclusive offers:

1• Demo Arena Sponsorship: €12,900 excl. VAT

(A 30-minute demo slot per day, being 4 slots throughout the event, an advertising spot displayed on the giant replay screen, branding of the area in your company's colors, and promotion across all related supports).

2• LIVE Demonstration in the Demo Arena:

€1,450 excl. VAT

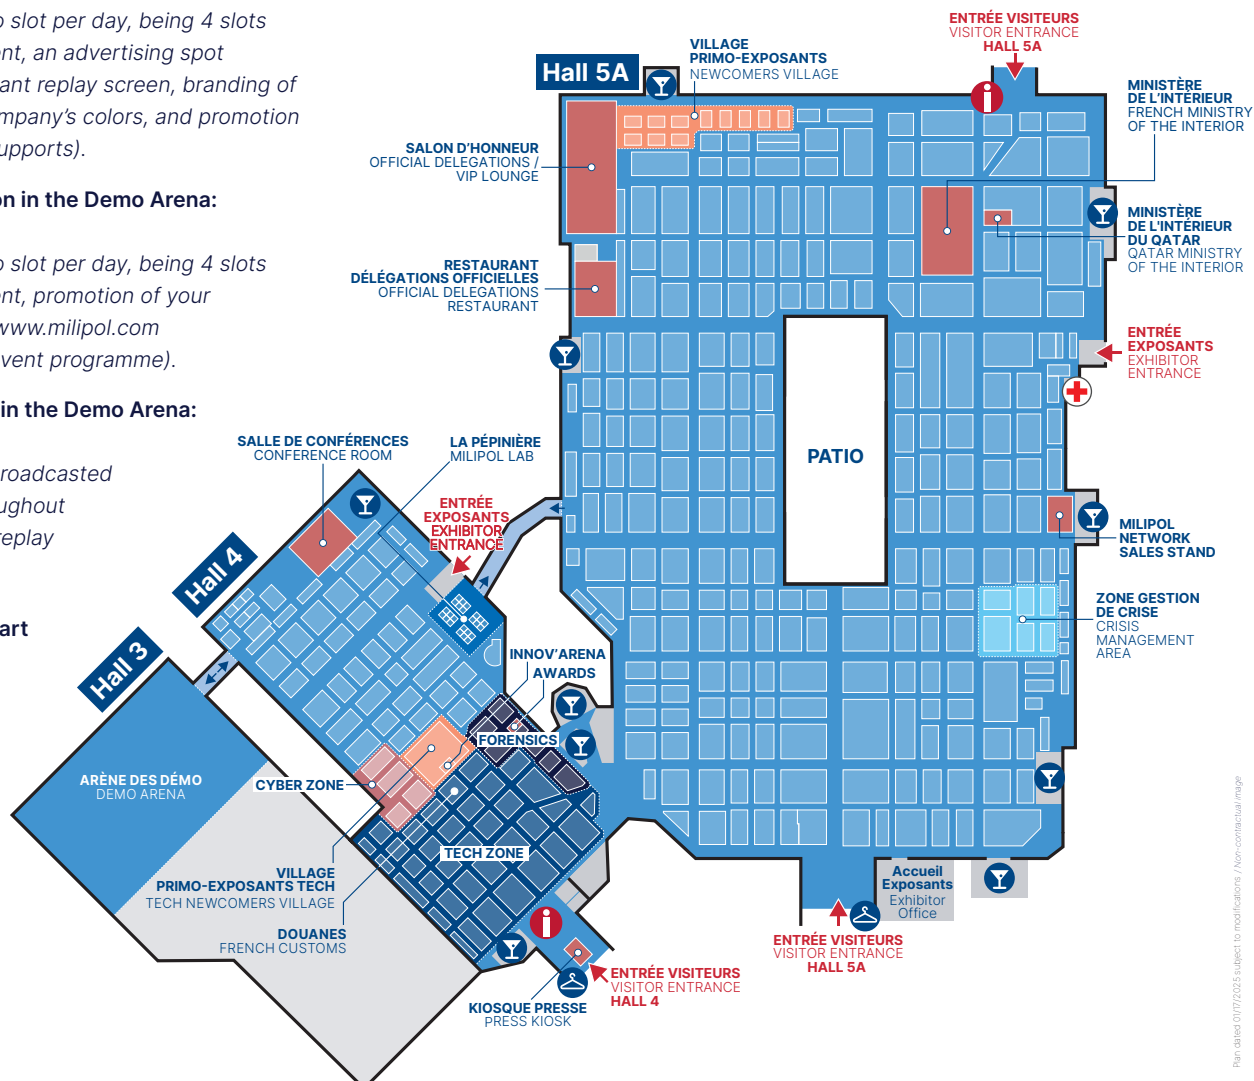

(A 30-minute demo slot per day, being 4 slots throughout the event, promotion of your demonstration on www.milipol.com and in the official event programme).

3• Advertising Spots in the Demo Arena:

€1,350 excl. VAT

OF DECISION-MAKERS/PRESCRIBERS VISIT WITH A PURCHASING PROJECT **AND APPROXIMATELY 90% ARE LIKELY TO FINALISE OR ARE THINKING ABOUT FINALISING THIS PROJECT**

REVIEW OF THE SPECIAL FORCES INTERVENTIONS IN 2023

Milipol Paris 2025, with its new demonstration zone, will be a unique stage for **real-world interventions** by key players in the security sector. Already in 2023, elite units had gathered to showcase their exceptional expertise to the public, providing a fully immersive experience into the secret world of **special operations!**

RAID - Research, Assistance, Intervention, Deterrence

The **specialised intervention unit of the National Police**, dedicated to **combat all forms of crime**, presented the public with a unique scenario: A **close protection mission for a high-profile convoy under attack**, involving a drone, a canine unit, and advance security teams.

GIGN - National Gendarmerie Intervention Group

Visitors were captivated by the unit specialised in **counterterrorism, extreme crisis management, and the protection of vital state interests** during a specific exercise:

A **hostage rescue mission**, featuring a GIGN assault to free 150 people in an auditorium while neutralising the terrorists. Specialised resources were deployed (indoor drone, explosive ordnance disposal experts, an assault dog) to secure the area and check for explosives.

CIVIL SECURITY

Civil Security, whose mission is to **prevent all types of risks, inform, alert, and protect the population**, invited the public to witness a key operation:

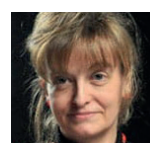

Intervention on a suspicious package using a reconnaissance robot, X-ray radiography by a bomb disposal expert, followed by neutralisation with a disruptor cannon. After the controlled disintegration, a final check ensured the absence of danger before handing it over to forensic police.
